Magazines on a smartphone, tablet or iPad

Download the RB Digital app onto your device. This process is different depending on what type of device you have. Generally, if it is an Apple product (iPhone or iPad) you will download it from the App store. If it is an Android product (Samsung, Google phone, LG, etc.) you will download it from the Google Play store.

Open the RB Digital app once it's downloaded. Select Canada as the country and then enter your email and password.

On the home page you can browse magazines. Tap on "View All" in the bottom right to see more magazines and to browse by genre.

Use the magnifying glass to search for a title. To view genres, first click on View All. Then tap on filter, tap on genre, select the genre, and then tap on search.

Tap on the cover to view more information and to view back issues. Once you've found a title you want to read, tap on CHECK OUT.

Once checked out, the CHECK OUT button will change to say READ. Tap on this button to open the magazine.

To view all your checkouts, tap on the menu in the top left corner and tap on Checked Out.

From this screen you can manage downloads. When you download a magazine, you can read it without being connected to the Internet.
