Summer Programmer
(4 month position)

Are you an energetic, creative student looking for a fun, fast-paced summer job?

The Fort Saskatchewan Public Library is looking for a reliable, passionate, and enthusiastic person who can provide excellent programming for all ages. This summer you will have the opportunity to work on a team, and independently, to provide programming in the library and out in the community.

Main Responsibilities:
- Prepare, plan, and present summer games with the programming team, and assist with the Summer Reading Club
- Prepare, plan, and present weekly outreach and in house programs
- Present to audiences at promotional events about programming at the library, and about library services and resources

Requirements:
- Completion of at least one year full time studies in a post-secondary degree or diploma (e.g. Library Studies, Education, or Early Childhood Development) and continuing studies in the Fall
- Previous experience working with children, and in a library setting are assets
- Comfort with new and innovative technologies is an asset
- The successful applicant must be available days, evenings, and weekends
- Strong interpersonal and communication skills
- Ability to work on a team and independently
- Reliability is essential in this team environment
- Valid Driver's license is preferred

Hours: 35 hours per week – May 4 to August 22, 2020
Wage: $19.38 per hour

Deadline for application: February 12, 2020

For more details, refer to the job posting at fspl.ca

Please submit resumes, with cover letter, via e-mail (Word or PDF format) to:
