

## March & April Programs

Registration begins February 16, 2021

### Step Into the Past.

2022 will mark our 70th anniversary as a library. To prepare for this special occasion we are stepping into the past to uncover the many achievements and changes the library has experienced and documenting it in a commemorative booklet to be released next year. During this year, we are also going to highlight the decades starting with the 50s, uncovering fascinating and interesting facts and trivia. We hope that you will enjoy reminiscing about these times and share your experiences with us as we have fun stepping into and learning from the past with our many programs and services.
